Deborah Halpern Project Launch

The official launch of the Deborah Halpern exhibition was held at the Dunolly courthouse last Thursday 12th April. The opening acknowledged the major stakeholders involved in securing the community sculpture project for Dunolly.

Philip Ashton took the role of MC, recognising the significance of having an artist of Deborah's calibre in the community. He emphasised the purpose of the project which is: *'to create a piece of public art, working with local artists and school children. The artwork will be inspired by and be a creative embodiment of our sense of place.'*

Elizabeth Walsh, representing The Regional Centre For Culture, officially opened the exhibition and spoke about the role of the RCC in engaging artists in small communities. Through the efforts of everyone involved in the Ministry of Fun, The Dunolly Arts Hub, the Red Dog project and the Dunolly Theatre Company, Dunolly has managed to attract significant funding from the RCC which will have lasting benefits for the community.

The Deborah Halpern exhibition introduces Deborah and her work as the beginning of her involvement with the Dunolly community. Elizabeth expressed her eagerness to watch the next chapter unfold. Deborah spoke with enthusiasm about her goals for the project, which is to leave the community with skills and thinking on having a 'creative life'. She is interested in involving members of the community who may not have a clear life plan and showing what satisfaction and change through creating something with their hands can bring. It is hoped that it will be possible to involve the whole community in some way while we create a sculptural piece that portrays stories of our area.

It got a bit breezy again over the weekend – even had a little bit of the wet stuff as well. The morning train on Sunday seemed to be even longer than usual. The end of it was over the Short St. crossing and way back up the hill. Down near the front on a flat bed truck was a caravan – one way to save towing it a long way. Went to Ballarat on Monday—haven't been down there for years. The houses are starting to creep out to Diggers Rest the way they are spreading out from Bendigo. Where do all the people come from to live in them? Odd ornaments on a couple of fences in Talbot. One was a model or cloth sculpture of a blonde female sitting on a fence—really got a second look. The other one was a monkey on the back of a rocking horse. I thought that a monkey on your back meant an addiction. Big fuss about the end of the Games and rightly so. Why sneak the athletes in before the telecast started? I started to watch Midsomer Murders (yet another repeat) so switched over to the Games about nine o'clock just in time for the great Archie Roach. Then there seemed to be endless loud music and gyrating bodies—then the speeches started! Why do self important usually middle-aged men think that they can add to the enjoyment of watchers by droning on? All this time I was looking for the main players—the athletes. When it was obvious that they were not going to be seen, I switched back to Midsomer. I do enjoy the big cats and kangaroos that decorate the notices for Tarnagulla golf. I have a request though – could we please have a picture of Ambrose, the mysterious person who pops up at golf games every so often?

An Appeal

Soon enough I am going to run out of steam and people will get sick of reading my articles. We do not seem to have any other regular ones, apart from Vicky Frizzell's interesting visits to so many different places, and unfortunately she has stopped writing. Also, the amusing column of Rosie's Ramble keeps us entertained, but even she has become concerned that she is running out of stories. There used to be Margaret Henley's entertaining stories and Aline Gordon's chronicles; then there was the Roving Reporter, Chris Chase, but sadly they have all passed away. Helen Jesser used to keep us amused and interested in her accounts of events in her life. Now we need more people to brighten up *The Welcome Record* with similar items.

Everybody has a story to tell. Please share them with us. You can even just write a few lines for a Thumbs Up/Thumbs Down section which we will be implementing if there are enough contributions.

Remember this is YOUR paper. Please make use of it.

Talbot Market

Dear Editor and supporters of the Talbot Farmers Market,

Having worked with the Talbot Farmers Market for just over four years, it is time for me to hang up the purple apron and say 'goodbye' in my role of Marketing Officer with the market. Please direct all advertising, marketing and general enquiries to info@talbotfarmersmarket.org.au thank you.

Should you wish to contact me personally you may do so via my mobile phone number below and in our previous correspondence. We may well cross paths in the future as I continue to work in the food and tourism sector, supporting our regional producers.

It has been an absolute pleasure working with the dedicated team of volunteers and wonderful regional producers at the Talbot Farmers Market. Along the way I have had the opportunity to meet so many amazing people and I would like to thank you for your kind support and inspiration over the years.

Kindest Regards,
Jayne Newgreen

Two Guitars

Once again our little town of Dunolly was graced with world-class entertainment in the form of two excellent guitarists, Bart Stenhouse and Paco Heredia.

Bart Stenhouse is an Australian jazz fusion guitarist who has partnered with Spanish Flamenco guitarist, Paco Heredia. Each artist is an expert in their field and played with gusto and passion, but when the two combined to add yet another dimension to the music, it was a truly memorable occasion.

I was amazed at the speed and dexterity their fingers picked the chords and strummed the strings. Passion was the only word to describe the intensity they displayed on their faces as the music stirred them as well as the audience. There were trills of lilting melodies and crescendos of dramatic phrases. In a particular moment, when the more recognisable Caravan was incorporated into one of their pieces, I found myself snapping my fingers and swaying to the rhythm, picturing myself as a Flamenco dancer.

Thank you again, Rachel Buckley for bringing this fantastic duo to Dunolly.

Susan Anderson

Bart Stenhouse and Paco Heredia

The performance at the Dunolly Town Hall lived up to expectations. It was a delayed start, but that didn't diminish the enjoyment from the small but enthusiastic audience. The Town Hall committee prepared delicious scones and homemade apricot jam, and the marvellous wood-fired pizza was a hit with the guitarists after the show. The Dunolly Theatre Company would like to thank the Historic Precinct Committee for the generous reduction in hall hire fee, and the unexpected and generous donation of \$100 from Maree and Ron of the mobile wood-fired pizza van - **All Fired Up**.

Thanks to all the community for making this marvellous world-class event happen. Bart will return in September with the sensational Spanish Guitarist Lulo Reinhardt – an event not to be missed.

GOLDFIELDS SUSTAINABILITY GROUP

Waste is a very topical issue this year with changes to what Australia can dispose of via export. Reducing our plastic waste has become more important than ever. A small contribution to this may be to use less food wrap. Bees wax wraps can help us do this.

Beeswax wraps can be moulded around bowls or plates and wrapped around cheese, sandwiches or vegies in the crisper. They are a reusable alternative to plastic wrapping so will help phase out single use plastic, save money and reduce waste.

Goldfields Sustainability Group is holding a workshop on making wax wraps on Saturday 21st April, starting at 2pm. Participants will learn three ways of making the wraps and assist in the making of the wax wraps. They will take home beeswax wrap recipes and three wraps. There is a \$15 charge to cover the materials and venue costs to be paid at the door.

To ensure your place in the workshop you will need to contact Margaret on **0419 508 787** as soon as possible to confirm your place and find out the venue for this workshop.

Please Note: numbers are limited to 12.

Inclusive kinders for kids of all abilities

Even more Victorian kindergartens will get new equipment to be more inclusive for children with extra needs under a new equipment grants program from the Andrews Government.

The Member for Western Victoria, Jaala Pulford, said the Government has launched the second round of the Inclusive Kindergartens Facilities Program, with kinders in Western Victoria eligible for a part of up to \$2.4 million in funding.

Councils, not-for-profit service providers and schools in Western Victoria are encouraged to apply for grants that will make their early years facilities more accessible for children of all abilities.

Up to \$10,000 is available to buy inclusive education equipment, such as moveable wheelchair-access ramps or adjustable tables and chairs.

Ms Pulford said grants of up to \$200,000 are also available for kinders in Western Victoria to upgrade buildings and playgrounds to make them more inclusive through the program's \$4 million buildings and playgrounds stream.

"We're helping kinders all across the state become more inclusive, and it'd be great to have our local kinders in Western Victoria benefit from these grants," Ms Pulford said.

"All kids deserve access to first-rate early childhood services, that's our commitment and we are getting on with the job of delivering for Victorian kids," she said.

Applications for the Inclusive Kindergartens Facilities Program can be made online: schoolbuildings.vic.gov.au

WHY NOT GIVE ARCHERY A GO?

Archery is a sport for a lifetime!

It offers a rich blend of tradition and technology. It is a sport that represents a rewarding test of mental and physical prowess for every age and skill level.

The Golden Triangle Archers next shoot is on Sunday 22nd of April.

You will be shown how to stand, how to hold the bow, how to attach an arrow and have some shots at the practice butts. You will also be shown how to remove arrows from the target butt and what to do if an arrow goes astray. You can then progress (when the experts think you're ready) to the 25 target field course and have a go at some novelty shots.

Fees are \$20 per year and \$5 per shoot. Juniors \$10 per year and \$2.50 per shoot.

The field is behind the Dunolly oval Elgin Street.

Muster is at 10am.

BBQ lunch at a small cost is provided.

Fresh air, a little exercise, lots of archery talk and good food! You couldn't ask for more.

What a great day out for the family!

EDDINGTON

Eddington will hold its annual ANZAC service at 2.30pm. We are planting a fig tree and will have the Last Post, flag raising, Ode, lay a wreath, then afternoon tea.

We are lucky to still have Keith and Fiona Baverstock, who will give us

an informative speech about women at war, a subject they have spent many hours researching for their exhibition 'Women of Empire', which is still touring the country. Keith and Fiona have left Eddington, but remain in the district for the short term.

You may have seen Eddy the bale art rabbit in the paddock next to the Eddington shop, with his 'save our church' sign?

Eddington Community Inc. a committee formed to try to keep the Eddington Uniting Church in public hands, feels that too many of these beautiful buildings have been sold and gutted to make into houses.

Our aim is to maintain the building so that future generations can walk over the worn doorstep and see the inside, as it was over 100 years ago.

Re:Create Exhibition

This exhibition will feature Wearable Art, Recycled Art and will showcase all the outfits made as part of the Mystery Bag Challenge. This project is to highlight the Sustainable Fashion issues facing the world, the need to educate people in sustainable fashion habits, through upcycling, recycling, slow fashion and embracing the concepts of mending, lending, sewing & swapping our clothes and not buying new. This project was funded through the Regional Centre for Culture & supported by the Victorian Government through Creative Victoria.

This exhibition is a gold coin entry, we will be fundraising to buy blinds for the Arts Hub windows. We hope to see you.

We will be starting Hub Club for kids soon and desperately need some volunteers willing to get a Working with Children Check for Wednesdays 4-5.30pm weekly to help.

Autumn Garden Hints

- While the soil is still warm, it's a good time to plant trees, shrubs, and herbs, as their roots will have a chance to take hold before winter.
- Cover ponds with netting to prevent autumn leaves rotting in the water -
- Divide overgrown perennials, collect their seeds, prune those that have finished flowering

Autumn continues to be dry and we are all hoping to get some good rains soon. However gardening must go on, in spite of the seasons conditions. While trying to keep some plants alive, that are making growth, there are also some seeds and plants that need to be sown or planted out this month. For any gardener that prefers to grow their own asparagus plants, now is a good time to try your luck. It is perennial and can produce for up to twenty years. Two year old crowns are the best to start with. Asparagus likes deep, friable, rich soil. If you've got heavy, clay soil, you'll need to mound the plants up or dig in plenty of organic matter so that it becomes well drained. Dig a deep trench, about 75cm, for the long roots, then add organic matter such as cow manure, sheep manure, or old chook poo. They are better covered over during the winter months. The tips or spears should not be cut out for the first season after planting. This allows the crown to become established, and to form many new buds.

April is the right month to sow onion seeds, both early whites or the brown long keepers. It may seem early to sow seeds of the brown variety, but this variety is a slow growing onion, and will not be ready to transplant until September. The whites and odourless are rapid growers, and ready to use in the late spring. Early Barletta are the earliest onion with rather flat bulbs. Broad beans can be sown near the end of this month, but later sowings are more successful. Telephone peas can be sown in containers, then transplanted when big enough. They need a sheltered position where they can get the most sunshine. Kale grows well in our area, it likes cold winter weather. Maturing with frosts Kale will be sweet to eat and maturing later without frosts it becomes bitter. Broccoli, spinach, silverbeet and Asian greens can still be planted before the cold weather arrives. Try tempting slugs and snails away from your seedlings with a little bit of beer in a bowl. (They have a drinking problem.)

Fruit Trees

To help prevent fruit trees from being reinfected with fungal disease next summer, remove any "mummified" fruit still hanging on the branches and dispose of them in the bin. Peaches and nectarines are especially prone to brown rot, and mummified fruit is a major source of fungal spores. If walnut trees need pruning, now is the right time. If pruned during winter they are more likely to bleed. Now the fruit tree leaves are starting to fall, don't waste them, they make very good mulch, and rot down rapidly.

Travels with Cynthia

This time I am deviating from my overseas travelling and remembering what I did after returning home. Still with the travel bug and a sense of adventure, I bought an Austin Healey Sprite, the junior member of that motor

family. It was pale blue and had little bug eyes and it was quite a drawcard to attract young men whenever I drove down to Portsea with my girlfriends or to other beach resorts.

When two friends, a young couple, Christine and Robbie, asked me if I would like to go with them on a working holiday to Queensland I jumped at the chance to do some more travelling and it was about time I explored my own homeland. It was decided we would go in the Sprite which wasn't hugely comfortable for the third person in the back seat, but we took it in turns. We stopped overnight in Sydney to visit Chris's parents and headed on for Brisbane; all plain sailing with good roads but very few freeways back then. In Brisbane we teamed up with two of Robbie's friends and Richard, a really crazy fellow, decided to join us. So he squeezed in, folding his long legs in uncomfortable positions to fit in the back. Then the trouble started, as the further north we went the rougher the roads got. We were heading for Cairns and my little sports car wasn't intended to navigate the big potholes and ridges after we left Rockhampton.

Near Mackay we had a tyre blowout and the garage had no size to fit my car and had to send away for it. Next thing we hit flooding rain which finally submerged the road and we were rescued by a truck and a tractor, the two drivers most amused at the little car driving on these rough roads.

Arriving in Cairns we found a little wooden house to rent right on Machans Beach, a few kilometres out of Cairns. We all changed and raced into the water for a cool swim. Quite a while later locals told us no one swam at that time of the year due to jellyfish and stingrays abundant there. One time Richard drank too much tequila and walked into the sea fully clothed and started spouting poetry. Robbie raced in after him as Richard was getting deeper in and I thought he was trying to save Richard, but no, he was going through his pockets to rescue the rent money. However Richard didn't drown because he decided to return and chase Robbie back to the house.

When we went looking for work, I found that all the office and shop jobs seemed to favour locals, so I finished up cleaning hotel rooms and later worked in lounge and bar drink waiting. Mother would have been horrified! Through the attraction of the Sprite, I met a champion water skier and silly me thought I was the attraction. I had weekends at Lake Barrine with Frank teaching me to water-ski until I lent the car to one of his friends who crashed it. Being almost unknown in Cairns the parts had to be sent from Brisbane. Suddenly I saw less and less of Frank, my friends had to return home so while waiting for the car I teamed up with two New Zealand nurses as a dining-room waitress and more adventures happened.

New and Redeveloped Sporting Facilities Opened Sunday 15th April

Central Goldfields Shire Chief Administrator, Noel Harvey, officially opened three major sporting redevelopment projects in the Shire last Sunday 15th April.

The new show jumping arena at the Maryborough & District Horse & Pony Club Inc. was officially opened. The new show jumping arena at the Dunolly Horse Activity Club and Pony Club., was opened later that day. Both projects have been made possible thanks to funding from Sport and Recreation Victoria as part of a Minor Facilities Grant. Central Goldfields Shire received \$48,028 for the Central Goldfields Show Jumping Arena Project.

Both projects aim to increase the club's capacity to host a range of equestrian events and attract increased participation levels.

Each club also contributed funding for the projects and Central Goldfields Shire provided in-kind support through project management.

The new synthetic courts at the Maryborough Tennis Centre were also officially opened.

The project was funded with \$150,000 from the DEWLP Sustainable Water Fund 2016-17. The Maryborough Tennis Club also contributed funding for the project and Central Goldfields Shire provided in-kind support through project management.

The new synthetic grass tennis courts reduce reliance on water, increase participation levels through improved playing conditions, and will reduce on-going operational costs for the Club.

Roll along to our Skate & Scooter Festival

Get your skills rolling at the Central Goldfields Shire Skate and Scooter Festival on Sunday 22nd April as part of Victorian Youth Week 2018.

The event will be held at the Maryborough Skate Park located on Majorca Road, between 12pm and 4pm and has been made possible thanks to \$2,000 in State Government funding.

Aimed at young people aged between 12 and 25 years, the Festival will feature a Skate and Scooter competition, live music, stall holders, BBQ, face painting, Crazy Hair Tent, Henna temporary body art and much more.

A bike will be up for grabs to the lucky winner of the Skate and Scooter Festival.

Central Goldfields Shire Chief Administrator Noel Harvey said he encouraged young people to come along and have some fun.

"We know the Central Goldfields Shire is home to many talented skateboarders and scooter riders so we're looking forward to seeing many of them come along and showcase their skills."

Victorian Youth Week (formerly National Youth Week) is week-long celebration of young people (aged 12-25).

Victorian Youth Week 2018 will be held from Friday 13th to Sunday 22nd April 2018.

SANDRA'S - TOMATO SAUCE

16 lb ripe tomatoes — sliced
2 knobs garlic (or powder/flakes)
4 lb sugar
1 1/2 pints brown vinegar
4 Tablespoons salt
1/2 oz Cayenne pepper (1 Tablespoon)
1oz whole cloves (place in small mesh bag for easy removal)

Boil altogether for 2 1/2 hours or until thickened. Put through moulinex to remove skins and seed or puree, or sieve and bottle into hot sterilized bottles. Refrigerate after opening.

DO NOT use ground cloves, it will overpower the other flavours. **Hint:-** Stand tomatoes 1 hour or so and drain off clear liquid or drain tomatoes in colander before cooking, to reduce cooking time

COMPUTER & TECH TALK

Passwords

We know that having to change our passwords is annoying and frustrating however they are a necessary evil to keep your documents/bank accounts/personal information private and not used for illegal purposes.

Passwords NOT TO USE

You want to be able to remember your password however you don't want to make it too easy. Don't use passwords like: 123456, iloveyou, Password, monkey, abc123 etc. It's not recommended to write down your password OR put it on a USB as these can be easily accessed if you lose them. However, with so many passwords to remember we know everyone writes them down, maybe it's time to look at a better solution to secure and remember your secrets.

Securing Your Passwords

You can use a password vault such as "Last Pass" which allows you to put in all of the websites you go to along with the associated password. Logging into "Last Pass" means that you only have to remember one password and to make this even more secure you can add 2FA (2 factor authentication) which means that you will receive a one-time code on your mobile phone each time you log into your password vault.

If you have the option of using 2FA with any of the current websites that you use (banks etc.) then you may want to look at this option seriously. Pc magazine did a good review of the top 10 password managers

<http://au.pcmag.com/password-managers-products/4524/guide/the-best-password-managers-of-2018>

After testing three, we chose "Last Pass" family edition which lets us give different people control of different password groups. Suppliers to all, banks to one, personal stuff to each, etc.

Note, this is not an endorsement, just what we chose to try and solve our own password management issues.

DUNOLLY GOLF CLUB INC

Welcome to season 2018!!!

It has been a late start to the golf season due to lack of rain, and the resultant lack of grass. However, a lot of work has been done to prepare the course, and it will look a treat when conditions improve.

A big thank you to all those who have put in the hours so far, especially Ken Brereton, who has made the course his second home over the past fortnight!

We will begin golf this Saturday 21st April. Tee off will be at 12.30pm, with preferred lies in place until the grass returns properly.

We would love to see as many old, new and returning members as possible and all juniors are most welcome.

Fees are payable by the beginning of May, and they are unchanged from last year.

Anyone who can spare time for some work on the course on Friday at 10am, or Sunday at 10am will be greeted with open arms!

We are setting a target to have 20 social members by the season's end. These memberships cost \$40, and come with an open invitation to attend Saturday golf and enjoy a relaxing drink at the bar at 1980's prices! Even if you don't have a direct interest in golf, becoming a social member will help the club survive, and to continue to provide entertainment and recreation on and off the course.

Round 1 Royal Park v Dunolly

Football

U11.5

The 11.5 team had a hard slog in the wet. All the kids played so well considering we had a younger team on the ground. The highlight was the goal kicked by Daniel Kennedy. Good work kids!!

Gavin Prigg

U14.5

The first game for the year was a wet one. The team took a while to warm-up, but from the second quarter onwards their pressure and effort was outstanding, so much so, that in the last quarter the ball barely left our half. It was great to watch and encouraging to see.

Grant Raven

Reserves

The reserves team started the season with a fierce game against last year's grand finalists at Royal Park on their home turf. The game was unfortunately cut down to roughly two quarters due to a severe leg injury to an opposition player. Our boys were right in the contest for the whole game and made it a tight contest right up until the last few minutes where Royal Park managed to score a few goals and run away with the win. Max Stewart, Josh Kelly and Michael Damen were among our best.

Mitch Kerney

Seniors

Last week our seniors found Bushy too strong on the day; however, not all was doom and gloom for our boys. It was a game of two halves as far as we were concerned, with the first half showing that there is work to be done with numerous unforced errors causing turnovers resulting in goals to Royal Park. The senior side is basically a brand new side with many new players coming to the club this year and, as such, the little link-ups just didn't quite happen in the first half, although we were winning our fair share of the ball in the contests. A number of our new recruits played well and were amongst the best on the day.

The second half was a lot more encouraging as the unforced errors were reducing and players started to hit targets more often, placing a lot more pressure on Bushy. It will take time to jell as a team, but there were passages that were very encouraging and as the season progresses things will be looking up for the Eagles.

Phil Hawkes

Netball

In some pretty horrible, wet, windy conditions we had a successful day on the netball court with four wins out of six. The Juniors lead the way this week with very positive signs.

Our 13s were first to take the court and it was a pretty scrappy match (as expected in those conditions) but Dunolly were first to steady and take the advantage. Some great defensive pressure saw the girls keep Royal Park to 5 goals for the game with Dunolly finishing the game on 10. Better players were Reannen, Ella and Alyssah.

Under 15s was also a very scrappy game with a lot of turnovers. Dunolly's defensive pressure was once again a stand out with the girls keeping Royal Park to just one goal for the game! In difficult conditions the attackers never gave up and converted when they could. Dunolly won.

13 - 1. Better players were Holly, Caitlyn and Mikayla. Our under 17s took the court and took control from the first whistle. Some awesome passages of play, defensive pressure and accurate goaling saw Dunolly build their lead throughout the game. Great to see the girls putting what they learn at training into practice. We walked away 30 goal victors with scores 38 - 8. Awards went to Nicki for some great attacking work and Grace for her positive attitude throughout the game. *C grade* was a tough tussle in the first quarter with both teams taking some time to adjust to the conditions. Some accurate goaling from Royal Park saw them take a handy lead in which our girls unfortunately were unable to pin back. Final scores were Dunolly 22 to Royal Park 38. Better players were Maddie, Bianca and Tori. Next up were *B Grade*. With some new combinations in the team we took a little bit to get into the game allowing Bushy to take a narrow lead. A great steady 2nd quarter saw us take the lead back.

Unfortunately Royal Park lifted their defensive pressure in the second half and took the game out 29-35. Better players were Charlee, Steph G and Briella.

A grade confidently took to the court taking control of the game from the word go. Some great teamwork saw many turnovers in which we capitalised and increased our lead with every quarter. Dunolly ran out comfortable winners 26- 54. Better players were Lara, Ash L and Ash M. Some great signs in all grades so let's go 2 better and make it 6 from 6 next week against Newstead!

Historical Tour of Bealiba by John Tully

Last Monday, 16th April, over 40 people took part in the Goldfields Historical & Arts Society's eagerly-anticipated tour of Bealiba's historical sites, by John Tully. As usual, John entertained us with amusing and sometimes tragic stories of characters from the past, whilst visiting the sites where these people had once lived and worked. More details of this tour will be available in the May issue of 'Tailings', which will be published in a forthcoming edition of *The Welcome Record*.
