## Dunolly Uniting Church Op Shop - One of Dunolly's Best-loved Treasures

Upon venturing into the Op Shop on any Tuesday, a hive of activity is obvious, with the happy group of volunteers busily sorting the donations which have arrived over the weekend. At both morning tea and lunch time, a large gathering around the table provides a convivial atmosphere where customers and friends are often invited to partake of tea or coffee, together with a range of home-made and other delicacies. Thursdays and Fridays are often slightly less busy, but the friendly welcome still prevails.

With our increased consciousness of the need to reduce waste, the role op shops play in communities is not only increasing in importance, but also changing focus. The traditional role of providing venues for quality donations to be passed on to new owners at reasonable cost, whilst at the same time raising funds for charity, still remains. New clientele however, wishing to create their own individual style, produce fabulous upcycled fashion items from vintage clothing, blankets and fabric found in op shops. Also, in recent years, a new market has emerged where shops have seen a surge of mostly younger buyers looking to find that 'vintage or retro piece' like their parents or grandparents owned. This is evident by the Facebook groups with many thousands of members, solely dedicated to sharing their op shop 'finds' with others. Of course, books have always been popular in op shops but with a trend back to the 'old-style' of reading, as opposed to digital, many shops are noticing an increasing demand. These, together with other growing trends, have now made op shops the 'in' places to visit.

Some of the Op Shop Volunteers

Our Dunolly Op Shop, after many years of operation, is still a favourite with regulars and newcomers retaining its old-fashioned customer service and ambience. Its value in providing a social hub for the volunteers and customers also cannot be overstated; some relying solely on their visit or roster day for their weekly social interaction.

The Op Shop is open every Tuesday from 9.00am to 2.00pm plus Thursday and Friday from 10.00am to 4.00pm; the monthly Car Boot Sales on the second Saturday of each month are also popular.

As always, visitors, customers, new volunteers and donations will be welcomed with open arms.

PLEASE  
ACCEPT  
MY APOLOGY

**A Huge Apology** to Jean Richardson and the members of the Op Shop for the error in last week's paper where I noted that the Op Shop was closed on Tuesdays.

This is totally incorrect. **The Op Shop is NOT closed on Tuesdays.**

It was completely my fault as I misread Jean's church news. In the reformatting, I took the intention of her notes out of context. I am truly sorry that my error caused Jean so much aggravation. Fortunately Jean is a kind and forgiving person and has accepted my apology. I hope everyone else can as well.

Once again, I'm sorry for any inconvenience caused.  
Susan Anderson

## ROSIE'S RAMBLE

It was 35 years ago last Friday 16<sup>th</sup> February since the dreadful Ash Wednesday bushfires started. My daughters, who were at high school in Camperdown that day, still get the creeps on hot windy dusty days.

I found a great recipe the other day — sardine schnitzel. Firstly, de-tin and drain your fish. Then the fun starts - prepare three dishes, one each of flour, beaten egg and bread crumbs. Roll fish in flour. Then the egg and finally the bread-crumbs — then fry. I really don't think I could be bothered — imagine trying to keep a sardine in one piece through all that handling!

Because of our sullage system, we do not put solids down the sink, so I keep a small bucket for scraps from meals. I empty it up the paddock and the maggies and mynas clean it up. Yesterday the ducks from next door were going home from the dam and swooped in on the food. Never let a chance go by! They can eat a lot quicker than the other birds, who were most put out.

I hear that East Geelong is being referred to as South Dunolly because of residents fleeing down there from the heat.

It must be a form of cabin fever from not being able to do things outside because of the heat, but I was attacked by the urge to clean out my sewing cabinet. It is one of those Horn cabinets with all sorts of nooks and crannies. There were several reels of thread of course, my "good" scissors, a brush for dusting the works of the machine, bobbins, pinking shears, tape measure, a hole punch and odd buttons. That was only the top container inside the door — there are two more of them equally full of good stuff — and then there's the actual body of the cabinet to be excavated. More next week, I think.

## LETTERS TO EDITOR

### Goodbye Maisie

I'm so very sad to say that my beautiful little Maisie died from organ failure last Thursday.

She was 11 years old and I was fortunate enough to own her for the last eight years. She brought such happiness and laughter into my life.

She is, and will be, so terribly missed.

My heartfelt thanks go to my dear friends - Joyce, who was with me when Maisie died; and Sharon and Joyce who helped me bury her. Maisie loved both of you.

I would also like to thank Jack Guelen, Brooke Wright and everyone from the NHC Archery Group who were so patient with Maisie when she was so afraid of children. It took a long time, but with your help over those first couple of years, she was able to roam freely and feel safe near youngsters.

To Roxy - her play-date friend - Maisie loved you dearly. Goodbye Girl.

## Travels with Cynthia

Returning to our touring in France, we girls had a hired car for a change and chose the small roads through little villages rather than the motorways, where the scenery whizzed past without registering where you were. One sunny afternoon we turned into a village street and suddenly found ourselves amongst a whole crowd of villagers, with music and brightly decorated stalls. People were surrounding our car and not all of them were friendly. We realised we had barged into a village festival. We got out, apologising for our intrusion, but now everyone was welcoming. Our car was directed into another street and then we were pulled along into the festivities. As night fell, people began to dance to the accordion music and we were dragged into the centre of it. All the village lads were taking turns to dance with the three of us and we were being plied with local red wine and spicy dishes. I don't think the village girls were quite as happy as the lads.

As it grew late we decided to leave and with much kissing and waving we were sent on our way.

After a short distance along a country road we decided to find somewhere to stop and sleep as we were in no condition to drive. Woozy from the wine, we finished up driving into a field and sleeping in the car. In the morning we decided to drive back to the village to thank our hosts but no matter how many roads we turned into we could not find that little village again and we couldn't even remember its name. Could we have dreamed the whole thing!

## Deborah Halpern in Dunolly

There's a lot happening behind the scenes at the Ministry of Fun, in preparation for a series of workshops leading up to the 'Tiny Towns Arts Trail', and the public sculpture project with Deborah Halpern in terms 2 & 3.

Deborah has created many of Melbourne's most loved public sculptures, including 'Angel', who stood outside the National Gallery of Victoria for many years, before having a change of scenery at Birrarung Marr on the banks of the Yarra, and 'Ophelia', who graces the Southbank precinct. Her work is colourful and full of vitality, influenced by Miro, Picasso and Niki de St. Phalle.

Deborah has generously offered to hold an exhibition of her work at the Dunolly Courthouse during April, and will bring a range of media, works on paper and fabric, fused glass, ceramic mosaic, and fibreglass, to show just what she does. It will be really worth seeing!

She is also going to hold workshops to introduce some of these techniques ...the first of which will be over Easter weekend, 31st March & 1st April.... at the Ministry of Fun.

We are also having workshops with David Archer from Adelaide, who makes automata, (mechanical sculptures), again leading up to the Arts Trail, in April. Details soon! These have been subsidised by the Regional Centre for Culture, so we are able to offer them at a substantially reduced rate. And there's more! Watch this space for developments with Red Dog on Broadway...

We have not been able to open as often as normal over the summer because of the hot weather. Hopefully, that is now behind us. There are a number of our volunteers who are currently on the sick list and are unable to work for a time. If anyone is able to work an extra shift it would be appreciated.

Quite a few of our greeting cards have been reduced by 20%. There are some new styles in as well. Some new aprons have arrived too. Call in for a browse and a chat, we always enjoy that.

## It's alive!

Get ready to be electrified by SHP's production of FRANKENSTEIN, a New Musical, coming to Geoff James Theatre this March.

Following on from the success of Sweeney Todd in 2017, the team are back with bigger things, bringing this famous story back to life in the form of a stage musical.

The sets have been constructed over the past four months and are eye-catching. The costumes are stunning and the light show and special effects will dazzle.

Crispin Smythe (*Victor Frankenstein*), Nicole Fornal (*Elizabeth Lavenza*), Shane Harman (*The Creature*) and Loui Froia (*Henry Clerval*) return to form part of the main cast for this explosive production. Together, this group leads a powerful vocal display, delivering soaring ballads, gripping scenes and some very intense moments.

Shows start on Thursday March 15<sup>th</sup> and run 17<sup>th</sup>, 22<sup>nd</sup>, 23<sup>rd</sup> and 24<sup>th</sup> March. Tickets are \$20. Tickets can be purchased directly at [www.trybooking.com/RQNF](http://www.trybooking.com/RQNF) and there is also a direct link on the Maryborough Advertiser website. The theatre is located at Highview College, 21 Kars Street, Maryborough.

Tickets can also be purchased at the door on show night (if not sold out) OR can be purchased directly on 0411 460 793.

Check out 'Frankenstein A New Musical' on facebook, where you can get all the latest news including promos, pics, videos and bios

And... don't forget SHP's famous CHOC TOPS and extra *shocking* goodies, for sale at intermission. See you at the show!

### Ginger caramel slice

#### Ingredients

- 125g butter, chopped
- 250g packet ginger nut biscuits, halved
- 395g can sweetened condensed milk
- 1/2 cup firmly packed brown sugar

#### Method

1. Grease a 4.5cm-deep, 20cm (base) square cake pan. Line base and sides with baking paper, allowing a 2cm overhang on all sides.
2. Melt 75g butter in a saucepan over medium-low heat. Process biscuits until finely chopped. Add butter. Process until combined. Press mixture over base of prepared pan. Cover. Refrigerate for 30 minutes.
3. Meanwhile, place remaining butter, condensed milk and sugar in pan over medium-low heat. Cook, stirring for 10 minutes or until sugar has dissolved. Increase heat to medium. Cook, stirring constantly for 10 minutes or until mixture turns golden and thickens. Pour over prepared base. Set aside for 10 minutes. Cover. Refrigerate for 2 hours or until set.
4. Cut into squares. Serve.

**NOTE:** For a stronger ginger flavour, stir in 1/4 cup chopped glace ginger through the caramel in step 3. You could also serve slice drizzled with melted dark chocolate. Set aside to set before serving. Makes 20

## Uniting Church News

This Sunday 25th February, Pastor Joan Hall will be leading us at 9.30 am.

In our Church Paper, Pastor Joan Hall has said she is doing Safe Church training 2-4 pm in the afternoon of this Sunday.

We are a very close Church family and we all do something within our Church to help to keep it going and we hope, to grow. I call all the people of the Church my second family.

Our Op-Shop is a very important part of our Church, for not only does it bring in money to help run our Church, but it is very much an outreach to all people who need us. We are open as many hours as we can be with our volunteers. We have kept our opening hours the same for many years and hope to keep them. Change will only come from Church Council. I would not presume to change them and did not put that little piece in the paper. The Op-Shop is a part of this town and is known far and wide. You are always welcome to come in, even just for a chat. In these hard times, to pay the bills of the basics of life, the Op-Shop helps so many people with wonderful clothes and things at very low prices. I love it. Half my clothes come from there. You will find me browsing with you many a day. Hope to see you there.

Our Op-Shop will be open Tuesday 10am to 2pm, Thursday and Friday 10am to 4pm.

### Invitation to the WORLD DAY OF PRAYER

The Combined Churches of Dunolly would like to extend an invitation to you and your family to attend The World Day of Prayer Friday 2nd March at 7:30pm at the Dunolly Uniting Church. (Cnr Tweeddale & Barkly Sts).

Each year the combined churches throughout the world are introduced to a different country and on the World Day of Prayer we pray for that country; especially the women and children.

This year it is Suriname, a small country in South America, bordering Brazil, Guyana and French Guyana. The theme this year is "All God's Creation is Very Good"

There is a collection taken on the night for the Suriname people.

Supper will be provided after the service. However, to make this a special service for the Suriname people, we need to have four young people to do the reading from Genesis. (Preferably 10-16 year olds, but not restricted to this).

If you can help, please ring Pastor Joan Hall on 5468 1694. Please help to make this a special night by coming to celebrate the women and children of Suriname.

**No RSVP needed just turn up on the night.**

### Weed Control Program underway

A Noxious Weed Control Program is underway in the Central Goldfields Shire. Contractors will deliver a program of spraying across nature strips in Maryborough, Carisbrook, Talbot, Dunolly, Majorca, Timor and Bealiba. The program will spray against noxious weeds including Caltrop, Gorse, Blackberry, St John's Wort, Boxthorn, Horehound, Spiny Rush, and Briar Rose. Residents may see a vehicle with a spray tank and contractors with a back pack hand held spray unit in their neighbourhood. Blue marker dye will be painted on the nature strip where spraying has taken place. The chemicals used are safe and there is no cause for residents to be concerned. Some areas will be sprayed a second time, with this stage of spraying works expected to be complete in June. The program is State Government funded – under the Roadside Weeds and Pests Program 2017-19 and the Roadside Weeds and Pests Management Program in Drought Affected Areas 2017 administered by the Department of Environment Land Water and Planning and will include a second stage of works later in 2018. The program of spraying is being delivered as part of the Central Goldfields Shire Roadside Weed Control Plan.

### 100% immunisation rate for Central Goldfields Shire

Central Goldfields Shire has achieved 100 per cent immunity for 60-63 month old children – well above the state average, according to new data released by the Victorian Health Department.

The latest figures from the Australian Childhood Immunisation Register show that 95.3% of five-year-olds are now fully immunised in Victoria – the best immunisation coverage in the state's history. The figures indicate Central Goldfields Shire has reached the 'herd immunity' target, which is necessary to halt the spread of diseases. Central Goldfields Shire Interim CEO Vince Haining said he was thrilled to achieve a 100% success rate for pre-school aged children.

"Whilst the new 'No Jab No Play' law has obviously had a huge impact, the results can also be attributed to the quality of the Maternal and Child Health Care service we provide.

"Our Maternal and Child Health team provide a first class service which includes immunisation services that are free of charge to all children eligible for Medicare.

"They provide a key role in educating parents that vaccinating your children provides fundamental protection from diseases including measles, whooping cough and meningococcal and meningitis."

### Bendigo winner for Goldfields Libraries Summer Reading Club!

Goldfields Libraries participate in the national Summer Reading Club each year with the aim of encouraging school aged children to read for pleasure over the long summer break. All members receive a Summer Reading Club pack

and become eligible to win prizes upon reading 10 books. Close to 500 children joined the Summer Reading Club this year, with 352 completing the reading challenge of 10 books, equating to some 3,520 books read.

This year's winner is 10 year old Alice from Bendigo, who wins the fantastic prize of an iPad for her efforts. Alice greatly exceeded the challenge, reading 140 books over summer with the hope of coming home with a prize. Little did she know she would get two! Alice was also lucky enough to receive a branch prize of Guinness Book of Records.

Lucky branch prizes were awarded to children at each Goldfields Library branch.

Prizes included book vouchers, Guinness Book of Records, GBR Gamer's Edition, Ripley's Believe It or Not and more.

Although Alice was thrilled to win the prizes, she said it was also nice to re-read some of the books at home. Alice was also excited at the thought of borrowing e-books from the Goldfields Library eLibrary and reading them on her new iPad.

Goldfields Libraries Coordinator of Programs and Events Tammy Higgs is delighted with the success of the program. "We love the Summer Reading Club because it supports and encourages children to enjoy reading and reinforces this wonderful life skill. We would like to congratulate all children who participated this year."

Students have been timed to see who qualifies for the Maryborough Swimming Carnival next Friday. Notes will be sent home shortly.

##### **STAFFROOM ACCESS**

Unfortunately we don't have a separate meeting room where the PFA, School Council and other meetings can be held. In the past the staffroom has also been used for this purpose. At various times however staff need to write up information that can be sensitive or student-specific, to ensure all staff have an awareness of arrangements, medical issues or specific information. With parents having access to the staffroom this compromises confidentiality. We therefore ask that parents please observe the 'Staff Only' signs that are in place. We certainly don't wish to offend anyone, and welcome all parents to our school to assist in classrooms, to see how their children are going, to attend meetings, to volunteer and to chat with staff. We just ask that the staffroom not be accessed please. We thank you for your understanding and cooperation. The PFA meeting this week was a little different due to swimming but in the future all meetings will generally be held in the library.

##### **FACEBOOK**

Do you know we have a community Facebook page, Dunolly Primary School, where general information is posted but no photos identifying students? We also have a Dunolly PS School Community Facebook group where only parents of students currently enrolled are permitted to join and we post specific photos of the students involved in their activities. If you're a parent, request to join the group for all the latest information.

This Saturday 24th February, Susie Oh will be holding an Essential Oils Workshop at the Arts Hub at 3pm. This will be part of her fundraising events program for her overseas competition in karate. If you are interested in attending please give Susie a ring to book your seat on mobile 0488058690

Essential oils are highly-concentrated essences derived from different parts of aromatic plants, including bark, leaves and flowers. The oils are used in a number of ways, from skin-care products to aromatherapy.

Our ReCreate ReCycle Runway event as part of Tiny Towns Arts Trail (20,21,22,25,28,29 April) is coming together. We have workshops planned for March in simple sewing techniques and artful mending. Planned also is a workshop for all ages in decorating shoes and hats with recycled bits and bobs to exhibit at the event. There will also be workshops with visiting recycle fashion artists to inspire us for the Haute Couture section of the exhibition. Think about all the incredible things you could make from recycled fabric, wool, ribbon, plastic bags, baling twine; the list is endless. All it needs is a little imagination & inspiration – if you are low on these things, try Googling recycled-high-fashion, scroll through pinterest:

<https://www.pinterest.com.au/pin/162129655305064644/>

or attend one of our workshops.

The Mystery Bags fashion challenge will be six random items of clothes in a recycled bag that you buy as your entry cost and take home and turn into a runway outfit. You can make as many pieces as you like from the bag, but must supply your own model to take it down the runway. The opening night will be a runway show within the exhibition of the haute couture entries, with wine & cheese. If you would like to exhibit any art made from recycled things please get in touch so we can accommodate your piece. If you have any questions or just want to register your interest, please ring Lynda on 0418 875 453.

Art Mojo Classes will start after April. We are currently in contact with Dawn Lim of Avoca to negotiate Landscape Painting Classes, so stay tuned for more information.

## Got a pile of tyres?

Environment Protection Authority Victoria (EPA) is warning businesses and landholders of the hazards of keeping piles of waste tyres.

Abandoned tyres form a breeding ground for vermin, tyres can decay and contaminate soil and groundwater, and a tyre fire generates toxic smoke and is difficult to extinguish.

EPA regulations allow storage of waste tyres if you have a genuine use for them, but urges you to dispose of unused waste tyres in landfill or at a recycling facility.

See [www.epa.vic.gov.au](http://www.epa.vic.gov.au) for advice on what's legal, and if you suspect someone is illegally stockpiling, dumping or burning old tyres, call EPA's 24-hour hotline on 1300 EPA VIC (1300 372 842).

## Regional Centre for Culture in 2018

As you will be aware, the Regional Centre for Culture in 2018 is an initiative of the Victorian Government through Creative Victoria, in partnership with the Dja Dja Wurrung Aboriginal Clans Corporation, Central Goldfields Shire, City of Greater Bendigo, Hepburn Shire and Mount Alexander Shire. The year's activities have already kicked off with our official launch on Wednesday 10<sup>th</sup> February in Bendigo. The night's entertainment was drawn from all over the four participating municipalities, and drew couples, families and everyone else along for a party in Rosalind Park. The highlight of the evening was a moving ceremony of song and dance by Traditional Owners, the Dja Dja Wurrung and the announcement of YAPENYA, a celebratory event that will be taking place on Saturday 17<sup>th</sup> November.

We are delighted to be working closely with both Visit Victoria and the ABC Central Victoria. You may have heard the ABC's live outside broadcast from Rosalind Park on Wednesday 14<sup>th</sup> February during the afternoon drive program from 3pm to 4pm hosted by Fiona Parker. Visit Victoria has committed to promoting four tourist itineraries around the region in March, June, August and November. We are currently working to develop the communications for these itineraries (known as "Meander") which will be focused on encouraging visitors to stay in the region for three plus nights and to move across the region sampling its cultural activities of all kinds; such as food, arts activities, natural wonders and more.

[www.rcc2018.com](http://www.rcc2018.com) is now densely populated with performances, exhibitions, markets, festivals and more - it's genuinely awe-inspiring to be able to observe the wealth of activities taking place in this inaugural Victorian Regional Centre for Culture.

One of the delights of working in Central Goldfields is the collaborative approach taken by the Dunolly Community. The Tiny Towns Arts Trail organised from Dunolly will featured elements directly supported by the RCC including a recycled fashion parade, community art project on the theme of Red Dog that will be creating art for display in the windows along Broadway, and an exhibition by artist Deborah Halpern and more. The RCC is promoting the Tiny Towns Arts Trail with the National Trust Heritage Festival. The RCC is also presenting performances at the March Talbot Market and the Dunolly Community Market on Sunday 11<sup>th</sup> November.

### Craziest Laws around the World

**Animal Antics** - In France it's illegal to own a pig called Napoleon. In Georgia you're not allowed to keep a donkey in your bathtub or offer a goldfish to entice someone to play bingo. Nevada has a strict "No Camels on the Highway" law, and in Florida even if you park your elephant in a metered zone, you still have to pay. How disappointing.

## It's all happening at Rene Fox Gardens

The merry Dunolly Street Band got together last Monday night outside Rene Fox Gardens for their rehearsals to the enjoyment of passers-by and people lining up for their pizzas. We're Fired Up Mobile Pizzas provide a delicious alternative to slaving over a hot stove at home. Drop by on a Monday and see what goes on. And the "Imagination Station" is there too.

### Imagination Station now installed in Dunolly

A new outdoor art space – the 'Imagination Station' – is now in place in Dunolly.

The 'Imagination Station' was funded by the Australian Council for the Arts three year Arts Central project which was delivered in 2015.

The Imagination Station has been installed in the Rene Fox Gardens in Dunolly and will showcase community-made artwork.

In 2015 Central Goldfields Shire residents were invited to have their say on public art – the feedback was positive and residents wanted to see art in public places and wanted to participate in collaborative art-making.

It's the second Imagination Station in the Central Goldfields Shire with the other location being the Maryborough Resource Centre and another to be situated in Talbot at a later date.
