## Paint the Town REaD

We had at least 60 people participate in Bealiba. The Paint the Town REaD Relay team, Barbie and Rhonda, arrived on their way from Perth to the Pacific (Wollongong) in their red ladybug, on Tuesday at 2pm. They were greeted at Bealiba Hall by The Bealiba Mini Puma Playgroup accompanied by students from the school. After receiving the baton, and a book placed upon the baton, we adjourned to the hall where Heather Davies, our chosen story reader, got bitten by the reading bug. Heather read Wombat Stew with everyone joining in the chorus. We were then entertained by Barbie and Rhonda with songs and stories of their journey across Australia. The Playgroup then ran activities with a ladybug theme.

These were very popular and we're sure many were bitten by the bugs they made!

Garry Lavars read stories throughout the session, and the Maryborough Library kindly provided information about their services.

We were the 43rd town that the REaD team had visited, and we now hold the record as the smallest to paint the town REaD!!

It is so important to Read, Listen, Sing, Rhyme and Talk with your children from birth to school age and beyond.

This time next week we will hopefully know who will be running the country for the next three years.

I don't often drive at night these days (that means it's to be avoided if at all possible). A couple of weeks ago an after dark trip couldn't be avoided, so I set off from Bendigo — the worst part was actually getting out of the city. I find headlights and reflecting road signs are a flare problem. When I got out to the turn-off at Marong, a huge truck was in front of me. Joy oh joy—I stuck to it like glue figuring it would clear any wandering night life off the road. The driver was in no particular hurry, so it was easy to trundle along behind him as far as Tarnagulla. After that I was on my own. I was surprised at the number of drivers who do not dim their lights, or have only one working light. Hasn't the rain been wonderful? Tanks are full and dams have water in them.

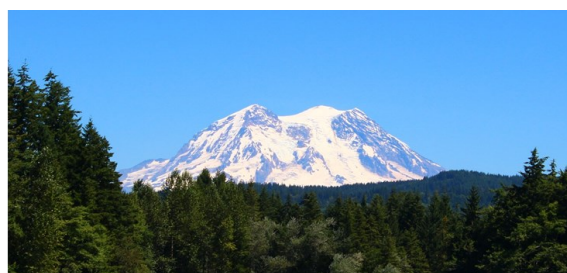

Tag on onions I bought last week "grown in pristine Tasmania". Underneath that was "grown and packed " by a firm in WA. Maybe they are shipped from Tassie to WA for processing.

It hasn't taken long for the paddocks and back yards to green up after the rain. I noticed a small patch of ground lifting up in the yard. I thought it might be a mushroom, so I scraped the dirt to one side. Underneath were dozens of tiny seedlings pushing up. I wonder what the strength for size ratio would be for those tiny plants.

Central Australia is awash with water and Lake Eyre is filling after years of awful drought. What a country!!

A Note George Santayana:

Jorge Agustín Nicolás Ruiz de Santayana y Borrás, known in English as George Santayana. (December 16, 1863 – September 26, 1952),

He was a philosopher, essayist, poet, and novelist. Originally from Spain, Santayana was raised and educated in the United States from the age of eight and identified himself as an American, although he always retained a valid Spanish passport. He wrote in English and is generally considered an American man of letters.

At the age of forty-eight, Santayana left his position at Harvard and returned to Europe permanently, never to return to the United States.

## Netball

### Under 11s

No report provided.

Final score Dunolly 9 to Talbot 0.

### Under 13s

This weekend, the 13s came away with their second win for the season! There were a lot of position changes during the game, so most players stepped out of their comfort zones. The score started becoming tighter in the 2nd and 3rd quarters, but everyone stepped up and put in 100% for the last quarter.

Final score Dunolly 25 to Talbot 12.

### Under 17s

17s came up against a tough Talbot side last week, and unfortunately didn't get the win. Ellen Stratford stepped up in the defence, edging close to some great intercepts, but it wasn't enough to stop Talbot from scoring. Bringing some under 13s players on by half-time provided us with some run, but lack of communication let us down.

Final score Dunolly 12 to Talbot 33.

### C Grade

No report provided.

Final score Dunolly 23 to Talbot 17

### B Grade

B Grade girls came away winners 33-23.

A great team performance with all girls playing an outstanding game. Ashlen was named best on for her strong game in defence, coming up with many turnovers with her amazing defensive pressure.

### A Grade

A Grade put up a consistent four quarter game to come away with a big win 64-36.

Lara was awarded best on court for her high intensity game and outstanding shooting accuracy. Mel also was named in the bests with a great attacking game, setting up beautiful court flow and feeds into the ring.

## Junior Pie Night

The Dunolly Football Netball Club would like to thank Rod from the Dunolly Bakery for the pie night enjoyed by the juniors last Thursday. It was a great night all round. Wonderful to have local business supporting and involved in the Club. It's good to see all the kids playing together as one and hopefully they can put a few wins on the board during the rest of the year like the 11s and under last week.

Marion Da Costa

## Football

### U11.5

Well, very difficult day for the young Eagles. For some reason today we started off very slowly and our tackles Shepard's pressure really lacked, which allowed Talbot to take advantage and kick 4 to 5 goals. After 1/4 time the young eagles went back to doing what they have done in the previous two games and started to tackle and do the hard things, which really made Talbot work for their goals over the last 3 quarters.

Sometimes in football it can be a grind and the young eagles had that today. An absolute credit to the team that they fought it out till the end of the game.

Moving forward we have the bye next weekend and a week off training. We will bounce back against Navarre.

The positive thing from today is seeing the Young Eagles not dropping their heads and doing the jumper proud to the end. The Talbot coach even mentioned to us how much the kids have improved since the practice match. So... Keep up the good work.

Special mentions to Chloe Goodwin and Ben R playing their first games for the year.

Dunolly Bakery award, Riley Murphy. SportsCo Bendigo Award, Zane.

### Reserves

After getting off to a 2-0 flyer to start the year, the reserves boys crash-landed back to reality after coming up against a very well drilled and fit Talbot side who aspire to going all the way this year. After Ben Thomas kicked the first goal of the game, we thought we had a sniff, but we were just outclassed by Talbot's ball movement and the scoreboard showed how good a unit they really are. A few shining lights as individuals but lacking that team linkup. Paul Amos was a late inclusion back into the side and attacked the ball really well all day and received a well-deserved best on ground. Ben Thomas did what he always does and had a field day, while Harry Hargreaves proved that you can be the smallest bloke on the ground and still do the percentages that help the team. The boys fought it out to the siren, but unfortunately the scoreboard read 183-25. Time to hit the track, back to the drawing board and focus on Navarre on 25th May.

Jarrold Loader

### Seniors

A very tough day for both seniors and reserves coming up against one of the better outfits for the year. Talbot were hard at the contest and used the ball extremely well. Very well-drilled sides in both grades. There were some positives. Dunolly went into the game with a lot of inexperienced senior players, quite a few who had never played a senior game and those few can hold their head up high. Brian Valoia looked at home at senior level, clean hands and smart user of the ball. One of our more experienced players is Beau Roy-Clements who ran hard all day and competed well. Shane, Matt Di Julio and Adam Pollock are really starting to string some good games together. A devastating loss, one the players won't soon forget. A feeling we don't want to experience again. A week off to recover and improve ourselves and we will come back harder, stronger and hungrier next time.

**The Savoy Opera Company presents  
Gilbert & Sullivan's Patience**

Melbourne's premier Gilbert & Sullivan Company, Savoy Opera Company Inc., is bringing *Patience* to the Dunolly Town Hall on Saturday 8th June. *Patience* was Gilbert & Sullivan's sixth collaboration, opened in London in 1881, and ran for 578 performances. 20 Lovesick maidens have rejected their worldly Dragoons Guards to trail the aesthetic poet Bunthorne. Much to their dismay, Bunthorne spurns them for *Patience* the milkmaid, who in turn spurns him for yet another aesthetic poet; Grosvenor.

The outraged military men go to great lengths to win their ladies back and chaos ensues. A lampoon of the British class system, this tale pokes good natured fun at patriotism, party politics, and the rise of unqualified people to positions of authority. The opera lampoons the aesthetic movement of the 1870s and '80s in England and, more broadly, on fads, superficiality, vanity, hypocrisy, and pretentiousness; it also satirizes romantic love, rural simplicity and military bluster.

A mirthful and humorous show, its score features many of the legendary duo's popular songs, including *Sad is that Woman's Lot*, *Twenty Love-Sick Maidens* *We and Love is a Plaintive Song*.

The cast is headed by a collection of young, passionate singers and Savoy Veterans, bringing together a wealth of experience and love of the Gilbert & Sullivan Tradition. The company itself has been active under various names since 1943 and prides itself on presenting high calibre productions of the works of Gilbert & Sullivan to Melbourne, Lilydale, Point Lonsdale, Portarlington, Queenscliff, Barwon Heads, Ballarat, Bunyip, Dunolly, and Buninyong.

The company has nurtured many singers who have gone on to have highly successful careers in opera, including Henry Choo, Lian Keegan, Michael Petruccelli, Lee Abrahmsen, Shane Lawrencev, Christopher Busietta, Barbara Zavros, Kerrie-Ann Bolton, Edmond Choo, and Olivia Cranwell.

**Blame it on the Ukulele**

The Dunolly Ukulele Group has been meeting at the Ministry of Fun in Broadway for nearly 3 years. We have entertained a number of community groups in Dunolly, Maryborough and Tarnagulla. Now I have also started an additional Uke group in Maryborough.

The ukulele is a light weight instrument, relatively cheap (\$40 - \$60) and reasonably easy to play. It doesn't have as many string as a guitar, and chord patterns involve not using as many fingers. Plus it is fun to play. If you have no musical experience, that's fine come and join us. The Dunolly group meets 4.00PM Wednesdays at the Ministry of Fun 120 Broadway. The Maryborough group meets 1.00PM Fridays at the Community House, Primrose St Maryborough.

### Dry seasons farm business workshop coming to Boort

A free two-day workshop (held over two weeks) to develop strategies for managing your farm through difficult conditions is coming to Boort. The workshop aims to provide participants with the confidence to make informed decisions based on their financial performance and associated risks. It will explore the basic fundamentals of farm business management – identifying, planning for and managing risk to get a better understanding of your current financial situation. Participants will also have access to two hours of mentoring with facilitator Tony Hudson, who has more than 20 years' experience in the agribusiness sector. The workshop will be held on Tuesday 11 June and Tuesday 18 June from 9am to 5pm at the Boort Business and Resource and Information Centre (BRIC).

### Loddon Healthy Minds Network art competition

The Loddon Healthy Minds Network art competition is back in 2019. This year there are two themes to choose from: "Mental health matters to us all" or "Mental health begins with me". The art competition aims to continue to raise awareness of mental health within the Loddon community. There are two sections for the competition – an open section for those Loddon Shire residents over 18 years and a junior section for residents aged between 14 to 18 years. The competition also includes literary entries. These entries are to be between 500 to 1000 words related to the theme. To find out more about the competition (and to download an entry form), visit the Loddon Healthy Minds Network website: <https://www.loddonhealthyminds.com.au/item/83>

Entry forms are also available from Council's Wedderburn and Serpentine offices or by contacting Community Wellbeing on (03) 5494 1230. Applications must be submitted by close of business on Monday 5 August 2019.

Our last meeting, held at the SES Building in Dunolly was well-attended. Independent Candidate for Mallee, Ray Kingston, was also in attendance, allowing him to gain some insight into local issues. Once again, we would state that we do not support any of the candidates, but many Federal issues affect our Shire, so it has been valuable to have had the opportunity of speaking to many of them and hearing some of their policies.

President Wayne McKail opened the meeting and gave some background on the Association and its achievements to date, also outlining some of the issues currently at hand. Some of the topics discussed were the Rating Strategy, the 2019-2020 Proposed Budget, our FOI claim, NBN issues, Arts Grants, the Story Seats and the Energy Breakthrough.

### Upcoming Events at the Hub

*Annual Craft Exhibition 13th & 14th July*

Last year's exhibition was wonderful, so if you are a crafter please take note of the dates and get crafting. This year, as with last, the event will be an exhibition; but to add a little competition into the mix we will have a people's choice so the visitors to the exhibition can get involved. I am thinking a display of vintage aprons would be fun to decorate The Hub – do you have a stash of gorgeous aprons? I know I have a few – let me know if you would like to lend them for the display.

*Literary Lunch for Words in Winter 3rd August*

As part of the Annual Words in Winter Festival we will be hosting a literary lunch at the Arts Hub. This will be part of a workshop with a renowned guest writer (to be announced). The lunch will be hearty country fare set at long tables, with the author as an invited guest. Sit and enjoy a leisurely lunch followed by a workshop hosted by the guest author in casual and relaxing surroundings. Prices of the workshop to be announced – bookings are essential.

*Craft Mega Sale*

Due to the popularity of the last craft sale, we will be holding another in September; so start gathering your excess craft supplies ready for the mega sale.

*Art Show on 2nd and 3rd November*

This year it will be a Photography Show, so get out there and start snapping some pictures of our beautiful surrounding country. There will be categories to choose from to enter; a main theme to enter specifically — we are collaborating with the primary school again, so expect some amazing shots from our budding photographers.

I can't wait – it is nice to change things around a little, get a fresh perspective and showcase how much talent there is in the Goldfields.

*Decorate Dunolly*

Does the community want something new to decorate Broadway for Christmas? Or shall we hang the bunting flags again? Ideas, opinions welcome.

As workshops are booked, we will add them here in this column or on the FB page Dunolly Arts Hub.

Lynda

Council is still inviting feedback on the Proposed Budget, with closing date for submissions being 29th May at 5pm, with a special hearing to be held on Tuesday 11th June at 5.30pm at the Community Hub, Burns Street, Maryborough.

Please go to [www.centralgoldfields.vic.gov.au/haveyoursay](http://www.centralgoldfields.vic.gov.au/haveyoursay) to view the Proposed Budget and details.

Our next meeting is to be held on Tuesday 4th June at the Community Hub, Burns St. Maryborough at 7.30pm. You do not have to be a member to attend, everyone is welcome.

*Travels with Cynthia*

Today I am not travelling very far, just back to my childhood and some of the memories we all have when growing up.

When we were young we lived in Camberwell and had a big back garden, ideal for playing footy, and, because I had brothers only, I learned to play quite well. If my brothers tried to tackle me my mother would run out calling "Stop that. Don't hurt her," and I didn't mind her interfering at all.

One school holidays we decided to make an 8-hole golf course and measured up the back lawn to dig the holes. We piled up a mound of earth for a bunker and constructed a flag. As we didn't have proper golf balls, we used cricket balls and the boys made golf sticks by carving wood. Just when we were putting away we heard a scream of horror. Our mother had come outside and was gazing in shocked amazement at the series of holes we had dug in the lawn. We thought she would have admired our ingenuity, but no, we were ordered to refill the holes. Such a disappointment.

At the bottom of the garden, past the clothes line there was a

little hedge, and on the other side just bare dirt and quite a few weeds. One school holidays I decided to landscape that area and plant a nice garden. I was about 11 or 12 at the time. I worked very hard, digging and making flower beds and cutting out paths between. My mother had a beautiful front garden and gave me permission to take cuttings from anything I wanted. I did a tour and collected fuchsia, magnolia, lilli pilli, daisies and a few other bushes. Then I bought some packets of flower seeds. From then on I studiously watered everything and miraculously almost everything took and I invited everyone down to view my lovely garden. Then one day the doorbell rang and a council man stood there and told my mother they were laying new pipes at the back of the houses in our street and needed permission to dig up along our back fence for the new pipes. My poor mother didn't know how to break the bad news to me. When I found out, I shut myself in my room and told the family I was never setting foot outside again. Sure enough most of my careful planting was dug up, my little paths trampled on and it took a very long time before I showed any interest in gardening again. My life has always been dotted with little disasters, but I always manage to survive.

So many types and shapes of crystals; which one is best? Knowing the purpose of crystal shapes will help amplify your experience in healing and increase wellness. When stones are carved into shapes of spheres, eggs or pyramids, their power can be heightened. Natural clusters occur as an assembly of varied-size points that share a common base. Effective in group environments, such as offices, or family rooms, clusters aid in holding the space of balance and harmony and are ideal for cleansing and recharging other crystals. A great all-round cluster to have in the home is Amethyst, embodying the Violet Flame, using its healing power on all levels. It relieves stress, bringing calm and contentment. Amethyst is the stone of spirituality and contentment, bestowing stability strength and inner peace. A great stone for meditation and enhancing your intuition and psychic abilities with its calming and peaceful energy. Also a well known healer that has profound effects in balancing the Crown Chakra. If you are feeling out of sorts, or blocked, short sessions with an Amethyst, promotes refreshed, alert and back in control feelings. The healing properties assist in calming the mind, reduces insomnia and allows restful sleep, reduces stress, eases headaches, helps with hormone production, strengthens the immune system, cleanses organs and respiratory system while assisting in the function of the pineal and pituitary glands. Amethyst is not only a stone of beauty but also works on the emotional, physical and spiritual planes to promote calmness, balance and peace, helping you to switch off negative and disruptive thought patterns. ### Regional Victorians left fending for themselves

Member for Ripon, Louise Staley, has called on the Andrews Government to address the shortfall in Police resources in regional Victoria.

There have been a number of startling incidents across Victoria that have fuelled local concern about police numbers and hours of operation in Ripon.

Reports that the victim of a home invasion in Apollo Bay called the police but officers weren't able to attend the scene, has once again underlined the Andrews Labor Government's lack of support for police in regional Victoria.

This incident comes after a man, who has since been charged with murder, tried to hand himself into the Gisborne police station found that the station was closed. The Gisborne station was closed because there were too few police to keep the station open overnight.

Here in Ripon, towns like Creswick are also without a local police presence at night.

Despite Victoria's population growing by around half a million people in the last five years, frontline police numbers are down over the same period according to The Police Association.

According to The Police Association, there were 190 fewer frontline police in the four year period between 2014 and 2018.

Quotes attributable to Shadow Treasurer Louise Staley:

"Following media coverage of violent incidents going unattended, a number of locals have raised concerns about police numbers in Ripon."

"Our state's population is growing, but frontline police numbers are shrinking."

"The Andrews Labor Government is not providing Victoria Police with the resources they need to keep Victorians safe. That puts the safety and lives of Victorians at risk."

"The Andrews Labor Government must ensure police have adequate resources and processes to respond to serious incidents in regional Victoria."

Louise Staley MP  
Media Release, Paris Room

### Labor backs down in Ripon challenge

I offer my heartfelt congratulations to Louise Staley, the Member for Ripon and Shadow Treasurer, as the Labor Party concedes it will drop its futile challenge to the result declared by the Victorian Electoral Commission in the seat of Ripon.

Louise has worked tirelessly in representing her constituents in Ripon; a fact reflected in her victory in the most marginal Coalition-held seat in Victoria at the 2018 State election.

I look forward to continuing to work with her as a senior member of my Shadow Cabinet.

It is shameful that Daniel Andrews and the Labor Party chose to waste the time of our courts in an attempt to challenge the decision of the voters of Ripon.

Once again this Premier and his Labor Party are more interested in playing politics and looking after their own interests than in working for Victorians.

Michael O'Brien MP

### More funding announced for Environment Volunteers in Western Victoria

The Victorian Government has announced the opening of the 2019-2020 Victorian Landcare Grants for projects that protect and restore land and environment in Western Victoria.

The Member for Western Victoria, Jaala Pulford, said \$1.76 million in grants is available to support Landcare and other environmental volunteer groups.

Grants of up to \$20,000 are available to Landcare and other environmental volunteer groups and networks in Western Victoria for on-ground works, education and capacity building projects that protect and restore Victoria's land and environment.

Support grants of \$500 are also available for new and existing groups and networks to assist with operating costs and provide a stable base for Landcare and environmental volunteering across Victoria.

Ms Pulford said the Victorian Government invests over \$9 million annually into the Victorian Landcare Program to ensure the ongoing protection and improvement of Victoria's land, water and biodiversity.

"Since its inception more than 30 years ago, the Landcare movement has made an important contribution to Victoria's environment and we are committed to supporting this work," Ms Pulford said.

"The Victorian Government has a strong commitment to Landcare, and these grants are an important way to support the community and environmental volunteer groups," she said.

"These grants will go a long way in aiding the great on-ground actions of community and environmental volunteer groups in Western Victoria who work tirelessly to protect Victoria's land and environment," Ms Pulford said.

Previous recipients include Ballarat Landcare Network, Beyond Bolac Catchment Action Group, Concongella Landcare Group, Hindmarsh Landcare Network, Crowlands Landcare Group and Donald and District Landcare Group.

The funding will be delivered through Victoria's ten catchment management authorities (CMAs), highlighting the great environmental outcomes that can be achieved through cooperation between CMAs, environment groups, local communities and the government.

The Victorian Government also supports Landcare with funding for 78 Landcare facilitators, 10 Regional Landcare Coordinators and communications including the Victorian Landcare magazine, Victorian Landcare awards and Landcare Gateway website.

For more information on the grants contact your local CMA, Regional Landcare Coordinator or go to [www.environment.vic.gov.au/grants](http://www.environment.vic.gov.au/grants)

### **MANTELL & WILLS**

In 1856 and 1857 Mantell & Wills were gold buyers at Market Hill near Hard Hill, Dunolly. They chose Market Hill as it was opposite the police camp which meant they had a little more security than shops in the main part of Dunolly. There were no police stationed in the township. Mantell & Wills worked as agents buying gold for the Bank of Victoria. Mantell & Wills started their partnership in Dunolly and when they left, they both went different ways.

Alfred Currie Wills had been born in London about 1823 and went to New Zealand in 1841 as a surveying cadet. In 1848 he was surveying the South Island with Walter Mantell. Mantell was English and a naturalist with an interest in fossils. His father Gideon Mantell had discovered the first dinosaur fossil. Wills came to Victoria during the gold rushes. In Dunolly he met Theodore Mantell. Theodore was German and does not appear to have been closely related to Walter Mantell. A year after leaving Dunolly Wills was appointed police magistrate at Omeo. In 1862 he was promoted to Wangaratta. Here he tried the 14 year old Ned Kelly for the assault and robbery of Ah Fook. There was insufficient evidence and the case was dismissed. Wills died in Wangaratta in 1871 aged 48. Theodore Mantell was born in Hochspeyer, Bavaria in 1825. At Avoca in early 1856 he was buying 1,500 oz of gold per week. After Dunolly he went to the Ararat Rush where at its peak he purchased 1,000oz per week. He went to Stawell where he died in 1872 aged 47.

In September 1856 Mantell & Wills displayed in their shop window a controversial fossil. This was a giant wombat jaw found by miners in cement 9 m deep at Slaughteryard Hill, South Dunolly. This find predated the publication of Charles Darwin's 'On the origin of species' by three years. At that time few fossils had been found or studied anywhere, so there was much speculation as to how it could be buried so deep in solid ground.

John Ferguson of Dennis & Ferguson, storekeepers of Dunolly reported the find in the Bendigo Daily Mail of 30th September 1856.

Two weeks later it was being displayed at the Shamrock Hotel in Bendigo and had been purchased by the gold warden Joseph A Panton. The next year he passed it on to the National Museum. In 1972 they produced the model for the Dunolly Museum. The National Museum is now Museum Victoria.

There was great interest when it was determined that this fossil is not from the current species of wombat (*Vombatus ursinus*) but from its mega fauna counterpart. That is, a larger version that existed several million years ago. The Dunolly wombat is dated at 4½ million years. Two other fossils were found at Camperdown and in 1866 they were given the species name of *Phascolomys pliocenus* as its unique features showed it to be different to the living wombats. This report was translated into French and issued at the 1866-67 International Exhibition in Paris. The species name was later changed to *Vombatus pliocenus*. This is derived from the geological time period of pliocene where it was found at Dunolly. More mega fauna wombat fossils were found in South

Australia in 1893. In the 1980s and 1990s work was carried out on these fossils resulting in the three Victorian specimens being reassessed as not the mega fauna wombat but the same as current wombats.

4½ million years ago the Burnt Creek Valley had a major fast flowing river. The wombat fell into this. Over time the river moved and eroded to its current level and now has a fraction of the water flow. The old river was buried under 9 m of stone and clay. The original riverbed has dried out, compacted and become cemented whilst major erosion each side has now left this as a hill.

### **NBN Scam Warning**

If you receive a call from someone claiming to be from the NBN - they are scammers. DO NOT allow them access to your computer. No-one from NBN will contact you regarding the installation or maintenance of this service. Unfortunately the callers sound very professional – please don't fall for their tricks. If you have let them have access of your computer, they will show you where you have been "scammed"; however, what they are actually showing you is called an Event Log which tracks issues you may have had with your computer that is also sent to Microsoft anonymously.

You will NOT be contacted by Telstra, NBN Co etc. about any viruses/scammers as no-one else can see your computer UNLESS you let them in. As soon as they ask you to turn your computer on please tell them that you don't have a computer or just hang up; otherwise they will access your personal information and password files etc. If you are asked for payment using Apple iTunes cards then you are definitely being scammed. DO NOT buy iTunes cards for payment for anyone that you don't personally know as there is no way to track these once you have given the information/code to the scammer.

Protect your personal information by verifying who you are talking to. Tell them you will call them (the company) back and then check the phone number on their website and ring that number. If they are from a legitimate company they will have all of your details so ask them for the proof. DON'T give them your personal or bank account details.

**Great prospects to find nuggets - do you have a Miner's Right?**

Victoria's walking tracks are not exactly paved with gold but you never know when someone will stumble across a nugget, with a lucky family finding a 20-ounce piece of gold over the weekend. The nugget is reported to be worth around \$35,000, with the family discovering it by chance while walking their dog north of Bendigo on Mother's Day.

The find on the weekend is a timely reminder of both the enjoyment of walking in the Victorian bush, and the need to purchase a Miner's Right if searching for gold. Recreational fossicking is a great activity for families, friends and grey nomads, providing opportunities to exercise, relax and socialise as well as connect with Victoria's rich history and beautiful regions.

Those out searching and panning for that nugget are also spending their money across regional Victoria in the bakeries, stores and servos that support local communities and jobs for country Victorians.

Fossicking and small-scale commercial prospecting can result in some big eureka moments. A recent episode of the Discovery Channel's Aussie Gold Hunters featured Mick Clark and Neville Perry discovering a 2.4kg gold nugget, worth around \$150,000, near Dunolly earlier this year.

Searching for gold and other minerals can be great fun, but fossickers must think of their safety and that of others - particularly after heavy rain when rocks can be dislodged and land near rivers may become unstable. Fossickers should always tell someone where they are going, when they will return and should always be beware of any old mine shafts in the area. Minerals are owned by the Crown on behalf of all Victorians, and recreational fossickers must hold a Miner's Right to keep any gold they find. Permission must be gained from property owners to access private land. Recreational fossickers must be mindful of their obligations and not damage vegetation or disturb Aboriginal sites.

Earth Resources Regulation's Inspectors based in Bendigo, Ballarat and other locations around the State can conduct spot checks.

To purchase your recreational Miner's Right or apply for a commercial Prospecting Licence visit [earthresources.vic.gov.au](http://earthresources.vic.gov.au) and if you are keen to learn more about fossicking and prospecting, contact the Prospectors and Miners Association Victoria at [pmav.org.au](http://pmav.org.au).

# DUNOLLY GOLF CLUB

Excellent conditions after the rain of last week saw the course a brilliant shade of green for the first time this season.

The assembled golfers teed off in pursuit of one of the club's important prizes in the Bill Willmott Memorial Trophy. After a hard fought battle, the winners on the day were Darren Hunt who collected 40 points in the Men's competition and keeping it in the family, Shenae Hunt won the Women's section with 29 points. Well done to you both!

Nearest the pin winners were Jenny Lovel and Ken Brereton, both on the 16th hole. Special thanks to all who provided food for the event - it was much appreciated.

Playing conditions are now great after the rain, and we look forward to seeing more members playing each week. The junior clinics resume this Sunday at 10am - please come along and learn how to play the great game of golf.

Dunolly Community Market

**“GIVING BACK”**

Well the weather turned out to be great for the Market on Sunday 12th May with 32 stallholders and shops; all contributed to the Community Market funds.

It was great to see a lot of people milling about, both locals and those who drove into town to see our Market.

Our Market Mother’s Day raffle has again been well supported by the community and the winners were:

- 1st Mai Schodde – A bottle of wine & \$50 Voucher
- 2nd Rosemary – A Plate of hand-made soap & \$50 Voucher
- 3rd Cheryl – A beautiful Mother’s Day presentation box

The Market Community would like to thank The Railway Hotel for their very generous donation of the two \$50 vouchers, Judy Meldrum for her donation of the handmade soap and one of the stallholders (DENISE) for her donation of the presentation box.

This Market the BBQ was hosted by the KOKORO KAI, raising much needed funds for their Club.

At the next Market the RSL will be hosting the BBQ, so come along and support their Club.

Please send text to 0474008121 or message the Market Committee on FACEBOOK.

The next market will be on Sunday 9th June commencing an hour later - 8am setup and 9am start. These times will continue for the next four Markets.

**COME ALONG AND JOIN IN THE FUN**

For Bookings please call 0474 008 121 and speak to a committee member.

**Run against Cancer**

Local identity, Heather Cooper, at the finish line of her 8km run as part of the Cancer Council’s Mother’s Day Classic in Bendigo. Heather also achieved a personal best in her running time.

Heather would like to thank Dunolly Bowling Club, the Uniting Church and individual citizens of Bealiba and Dunolly for their efforts in raising \$1000 towards Breast Cancer Research. Money raised will go towards helping local people like mother of four, Liz, in their fight against the disease.
