## Celebrating the 150th Anniversary of the Welcome Stranger Gold Nugget Discovery

The Goldfields Historical And Arts Society presented a morning celebration at Moliagul for the 150th Anniversary of the Welcome Stranger gold nugget discovery. The Museum subcommittee, consisting of John Tully, Ken Duell and Rachel Buckley worked for many months to prepare the event. They attempted to find as many descendants as they could, with Eudey, Walls, Oates and Deason families all coming on board.

There was too much happening to see everything. Some people displayed original jewellery made from the gold, many photographs and stories were shared. It was wonderful that so many people contributed to the fun.

John Tully gave a very detailed and interesting talk to the crowd of an estimated 250-300 people.

Philip Ashton took the recreation photographs and the visitors were happy to pose in their respective places.

The Australia Post Philatelic manager came from Melbourne to give us the postcards and commemorative mugs, available exclusively at the Dunolly Post office and the Dunolly Museum.

A video of the morning was made by Earth Resources Victoria and the Surveyors Department and ABC Bendigo covered the event.

After the morning's festivities, many of the visitors went to the Railway Hotel and Dunolly Bakery for lunch. The museum was busy all day and it was a successful and memorable day.

A huge thank you to all the wonderful people who contributed in so many ways – I am too tired to recall everyone, but we have a good record and I will thank everyone properly once we regroup and catch our breath. It was such a splendid day !

Secretary.

It has been an "interesting" week weather wise. I see the TARDIS has landed near Marion's new home. (I do know what it really is.)

I have been watching a really relaxing show on SBS. It is called "slow travel" and that is exactly what it is. I saw the end of the sea journey from Broome to Darwin, some of the Ghan from Adelaide to Darwin and the end of the trip on the Indian Pacific across the Nullabor Plain. These are "real time" trips and the whole trip can be seen somewhere as films. This is a very clumsy description of an interesting experience.

Move over Sherlock and Watson—make way for Big Rick and Rosie. Rick kindly came round to put my smoke alarm back. Thanks Carol! The beeping was really annoying me by then. Rick replaced the battery and put the alarm back on the ceiling—but the wretched beep was still there. After some very scientific experiments, the sound was isolated to the kitchen hutch. After a bit of ferreting around in the bottom cupboard, I came up with the alarm, which had been in the sitting room before the ceiling fan was put in, and had been in the hutch for about a year slowly dying. What we could hear were it's last gasps. The battery was removed and the peeping stopped. Mission accomplished.

Bought some mayo the other day that was el-cheapo because it was nearly out of date. The label said it contained chilli, so I should have had more sense. The name was Zoosh—very true—a very small amount went a long way, and the bottle went out.

I went to Maryborough shopping this morning. I was coming home down Broadway when I noticed a police car behind. As I got nearly to my turn-off, I put the blinker on and pulled over a bit to let it go past. To my horror the red and blue lights came on, and that stopped me.

A very nice policeman got out with a breathalyzer, and checked my license. Then he said they had been out on a job and decided to meet some of the locals (by scaring the wits out of little old ladies?).

As I drove the few yards to the corner the siren came on! I thought they were joking and went home. The police car followed and came into the yard behind me. Panic—but they only wanted to return my licence. Amusement all round. Lord knows what the neighbours thought!

P.S. They let me keep the little pipe I blew into.

## LETTERS TO EDITOR

Dear Editor

All people (except most) are equal  
I contacted the Central Goldfields Shire recently about their former CEO Mark Johnston being convicted of obtaining \$9415 from the shire by deception and asked what will the shire be doing to recover this debt? Chief Administrator Noel Harvey's response was "[the council] will not be moving to recover any monies."

The shire is the victim and is entitled to recover this debt. It has already been proved in court so should be straight forward. I have previously contacted the shire over another debt of over \$60,000 owed by a different staff member. Again no action.

John Tully, Carisbrook

Dear Editor

Dear Editor

I know that Christmas has been and gone, but I have been meaning to send this letter to The Welcome Record since Christmas 2018. I received this Christmas greeting from one of your staff members and I wished to share it with your readers. I get great pleasure reading The Welcome Record each week. It helps me stay in touch with people, events and entertainment.

Thank you to all the hard working staff and the committee.

*Wishing you everything that you dream of  
and more -  
good health, happiness  
and good times galore!*

Whatever you are doing during this Yuletide Season  
May you find happiness in every possible way  
Alone, or with many, celebrate a change of season;  
summer has arrived, so have a jolly Christmas Day

Amongst the plethora of boxes beneath the glistening tree  
Behind funny shaped gifts hidden with cunning and with glee,  
May you find a gift wrapped, one marked just for you  
That surprises and delights with its closeness to 'that' clue

After a hearty dinner is eaten, the dishes put away  
It is time to relax and reflect upon the day  
quiet music playing, children tired and gone to bed  
Enjoy a restful evening or maybe, party on instead

However you spend the last few days of this crazy year  
Which has gone so fast, the months disappear  
Make the most of all you have, be grateful too  
Having fun, being loving, remembering to honour you

With this little poem, the message I wish to convey  
Is that you are a valued part of my picture, in a special way  
Adding colour, texture, emotion and not one straight line  
Motivating me to wish you a superlative Two Oh One Nine

## Launch of \$150K Community Grants Program

Over 120 people were on hand for the launch of Maldon & District Community Bank's \$150,000 grants program. The community centre in Maldon was at full capacity last Thursday with community groups from around the region attending to hear about the 20<sup>th</sup> birthday grants program. Maldon & District Community Bank Chairman Ross Egleton was thrilled with the turnout and the representation from Dunolly, Eddington and Moliagul community groups.

"The large number of people attending the launch demonstrates the importance of our work. It's a great privilege that this grants program, celebrating 20 years of community banking in Maldon, will be the catalyst for ideas that will have positive impact across our communities," said Ross.

Previous grant recipients recounted their experiences, encouraging groups to apply for funding to support their group and to benefit the community.

Dunolly's Gilbert & Sullivan Society's founder and director Rachel Buckley delivered a passionate message about the impact the bank's grants program has had on her community organisation.

"We received a grant in 2012 which helped in the early days of our group. It's worked for our group in far bigger ways than we could have imagined, benefiting the bakery, the museum, the butcher and the wider community when we hold shows and draw people to the town," said Rachel.

Amy Atkinson, Maldon Neighbourhood Centre's Coordinator, spoke about the impact that funding from the Maldon & District Community Bank has had on the neighbourhood centre and broader community

"The key thing with all of our projects is that they've really been ideas or concepts that have been driven by the community. And the outcomes have always been about connecting people, and creating vibrant and connected communities," commented Amy.

Amy also outlined the role that neighbourhood centres at Dunolly and Maldon, as well as RTCs can play in supporting smaller groups or groups without ABNs to apply for grants

The grants program is now open and closes midnight 28th February 2019. Applications are online only at [www.bendigobank.com/foundation](http://www.bendigobank.com/foundation)

Community groups are encouraged to contact the bank's Executive Officer Karly Smith (0478 435 110 or at [executiveofficer@mddb.com.au](mailto:executiveofficer@mddb.com.au)) to discuss their proposed project.

## Travels with Cynthia

My physiotherapist has gone to Singapore to celebrate Chinese New Year with her family. She is Chinese, born in Singapore, so we have been talking about her birthplace lately as I have had two visits there back in the 80s.

The first trip was with Mike and his two boys, my stepsons Joel and Josh, who were 9 and 12. The first night we arrived the boys wanted to wander off on Orchard Road, where our hotel was situated, and explore.

We were horrified at the idea, telling them how dangerous it would be for two young boys out on their own in a strange city. However, we changed our tune after a few days when we discovered that Singapore was one of the safest places in the world with the lowest crime rate, mainly due to the very strict laws.

The boys met two Australian girls around their age at the hotel pool and asked if they could go to a film together that night. By now we had no objection and found them a taxi which cost about the same as a bus fare.

The hotel used to put up a big screen poolside at night and cook delicious Asian food outside so one could watch a film while having a dip or stretch out on a banana lounge to watch in comfort.

One day we went to the reptile park and an old snake charmer entertained us by enticing his snake from a basket by playing a pipe. Before we could stop him, Joel went over and asked to have a try. We watched in horror as he put the pipe to his lips without even wiping it and we saw that the old man had cracked teeth stained with betel juice. Shudder, horror. But Joel couldn't have cared less.

Another time we went to a café where you could have breakfast with young orangutans. They would sit with us in their high chairs, wearing bibs and eating fruit. Afterwards we could nurse them and have photos taken. The boys just loved those smart, young animals. My photo showed me gazing at my protégé most lovingly so later I submitted it to a baby photo show in Dunolly and called him Rangy. Sadly we didn't get a prize.

Next week I will write about my second Singaporean visit.

## ARTS and ENTERTAINMENT

### Melba Room Gathering at

The Melba Room at Buckley's of Dunolly rang with music last Sunday. At least 30 people tuned up to share a great afternoon filled with songs from the good old days. 'Oh Susanna', 'My Old Man's a Dustman', 'Side by Side', 'Dem Bones' and many others were played and sung by the combined ukelele groups of Avoca and Dunolly and the Gilbert and Sullivan singers.

Several people gave impromptu solo performances, while spontaneous jam sessions broke out in various parts of the house. The G and S Singers reprised some of the livelier and better known pieces from the operettas.

All in all, a very enjoyable day capped by a lovely afternoon tea where everyone brought a plate to share. Good on Rachel for bringing us together.

Left to right - Tyson Hoban (VC), Ruby Lang (C), Rory Scholes (C), Cooper Willoughby (VC)

Chloe Goodwin - Student Voice Council President

The students at Dunolly Primary School eagerly heard from seven candidates on Monday morning (4/2/19) as they made their speeches. All students then lodged their votes for any two candidates who they believed would make great leaders in 2019. In our closest result yet with only 1% separating results in some cases, we are very proud to announce Ruby Lang and Rory Scholes as our captains and Cooper Willoughby and Tyson Hoban as our vice captains. We congratulate all seven students on their willingness and resilience shown in presenting speeches and applying for the roles. Following interviews with Mrs Lovel, Chloe Goodwin was also announced as the Student Voice Council President.

## 5th February 2019 is Chinese New Year

Year of the Pig, the celebration will go until 19th February. The pig is the 12th of all zodiac animals. According to the myth, the Jade Emperor said the order would be decided by the order in which they arrived to his party. Pig was late because he overslept. When he arrived, he was the last one and could only take 12th place.

The pig is associated with the hours 9-11pm at night.

In terms of Yin and Yang, the Pig is Yin. 2019 is the year of the Earth Pig. In Chinese culture, pigs are the symbol of wealth, their chubby faces and big ears are signs of fortune.

Pigs have a beautiful personality and are blessed with good fortune in life. They love entertainment and will occasionally treat themselves, they can be materialistic, but this is the motivation for them to work hard. They are energetic and are always enthusiastic, even for boring jobs. If given the chance, they will take positions of power and status.

People born year of Pig are 1923, 1935, 1947, 1959, 1971, 1983, 1995, 2007, 2019.

## Residents reminded FDP still in effect

Police would like to remind the public that Maryborough (Central Goldfields) is in a declared Fire Danger Period (FDP).

The period has been in force since November 12, 2018 and will continue until May 1, 2019 unless changed by the CFA.

This is in place due to the increase in fire risk in the municipality. Police have attended numerous illegal fires in the past month and the people who we have spoken to are mostly unaware of the FDP and the conditions that this period imposes. Police have a zero tolerance if a person is committing an offence during this period. If you are committing an offence then you will be summonsed to attend court at a later date. Penalties for lighting a fire during a FDP or day of total fire ban include fines or possible imprisonment.

This is why police want to inform and educate the public so they become more aware of these certain conditions, of what you can and can't do during the FDP and also during a day of total fire ban.

If the public is unsure of these conditions then they can look up the restrictions on the CFA website which clearly state what the restrictions are.

If you are still unsure then please give us a call at the police station.

## Welcome Stranger 150th Australia Post

Further to our story about Australia Post and the commemorative stamp, we are delighted that representatives will attend the 150th celebrations and bring a quantity of special postcards featuring the Welcome Stranger image from the stamp.

Australia Post have also made special cups featuring the imagery and will make these available for the Dunolly Post Office and the Dunolly Museum to sell to customers/visitors.

Postal Manager, Dunolly Post Office, Michael Rayson and the General Manager of Philatelic, Australia Post, Michael Zsolt will be at the official Welcome Stranger 150th commemoration at Moliagul.

We greatly appreciate this support from Australia Post. Our gratitude extends to all the supporters of our small band of volunteers at the Museum who have organised this important and totally self-funded event.

## Eagles Eager with Coaching Panel Townsend/McClelland Leading the Charge!

The Dunolly Football Netball Club is gaining great momentum under the new direction of Ashlee Lierich at the helm and this week are thrilled to announce their coaching panel.

In what has been a very productive month for the new committee, they have appointed a full panel of coaches. Football training is well underway with Jamie Townsend leading the strongest compliment of players seen for some time during preseason at the club.

Big news comes on the netball front with the Eagles securing the highly talented, 250+ game player Ashlee McClelland, as the A and B Grade coach.

McClelland returned to the club last season and under coach Katie Lovel, the A grade side went down in the Preliminary final. President Ashlee Lierich commented "it's been a very busy month behind the scenes and all our work is paying off as we have secured a panel of high quality coaches to lead us into the season ahead. While this is fantastic for this year, we are also looking more broadly to ensure we are viable and growing into the future. This requires a strategic approach and the committee is certainly on the right path starting with the calibre of Jamie and Ashlee as our senior coaches."

### Coach announcements - Netball

#### A and B grade – Ashlee McClelland

A legend of the DFNC, Ashlee came back to the club last year and played an integral role in the A grade team's progression to the preliminary final whilst also passing her 250th club game at the Eagles. She has coached juniors, seniors and interleague teams in the past and is very passionate about making training enjoyable while working players to their optimum in order to get the best out of them. The Dunolly playing group is very excited to have her on-board as both a coach and player in 2019.

#### C grade – Marie West

Marie comes to Dunolly with a wealth of knowledge. She has experience in both coaching and umpiring and attended many games in 2018, supporting her daughter and umpiring for the club. Marie is looking forward to being a part of a proactive club, especially under new leadership. She aims to build and improve on skills within the playing group while enjoying the family atmosphere.

#### 17&U – Lara Metelmann and Hannah Kenny

Both Lara and Hannah played in the A grade team last year and were integral players in our attacking end. They are eager to take on the new role and work together to assist the 17&U players to continue to improve and hopefully go further in the finals in 2019.

#### 15&U – Sophie McQuienn

Sophie is a long standing member of the club having been a junior and moving into seniors at a young age. She has recently gained a teaching position at Dunolly Primary School and is a fantastic asset to our club and local community. Sophie will have great knowledge to pass onto these developing players.

#### 13&U – Caitlyn Ray

Caitlyn is a talented player who is new to coaching in 2019. She has won several best and fairest awards in the past and also stepped up to play in the senior grades in 2018. She is a confident, thoughtful and dedicated

player and we are sure these attributes will shine though in her coaching style.

### Coach announcements – Football

#### Senior Football - Jamie Townsend

Jamie Townsend has re-joined the club as the new senior playing coach having played the last two years in GRFL. Jamie's intentions are in building sustainable foundations within the football department with the prospect of developing the list towards being more competitive as those foundations grow. Jamie has targeted recruitment from several regions with a long term view of growing these numbers over the years to come.

#### Reserves Football – Hayden Steel

Hayden played juniors and early senior football in the Loddon region. He is keen to develop a consistent playing list and work closely with Jamie in his quest to build sustainable foundations.

#### U17.5 football – TBC

#### U14.5 football – Grant Raven & Hayden Wellard

While Grant has been a local since he was 15, Hayden joined the club a few years ago. Both Grant and Hayden were fantastic role models for the junior players last year, providing a great training schedule aiming to build skills in the up and coming players of the club.

#### U11.5 football – Justin Penny

Justin has been involved with the club in various roles for some years now and has stepped into the coaching role to guide the young players starting their football careers.

Ashlee Lierich went on to say, "The club is extremely fortunate and excited to announce this coaching panel, both football and netball. While we are really optimistic to work towards our goals for 2019, I would also like to acknowledge the dedication and commitment of the coaches from last year who aren't continuing; Katie Lovel and David Clausen, both coaching many teams to success over the past 20 years, Sarah Reeves long time Dunolly player and member, and Melanie Schodde dedicated club member for some years now and great mentor."

Dunolly FNC is keen to hear from anyone interested in playing football and netball in the coming season. Check out their facebook page Dunolly FNC or message for more information.

## Mad Max 40th Anniversary

Two locals, Doug McDonald and Steve Barnham, riding their 1970s Kawasaki motorcycles, led the Mad Max procession on Saturday 2nd February. This was part of the 40th anniversary celebrations of the original Mad Max movie which was released in 1979. It was made before "independent movies" became fashionable. It was made on a very limited budget and a great deal of innovation and a can-do attitude. Restricting history to the Mad Max actors and crew members who either started a career or had their existing career vastly enhanced would alone fill a bookcase. This movie put Mel Gibson on the map.

For a seemingly simple low budget movie, it contains dramatic stunts, careful dialogue that is not dated, cinematography, an award winning music score and some stand-out acting performances.

There are hints at back-stories and themes embedded for those who look closely. But, in the tradition of a Shakespeare play, when you get to the end you realise there are no winners, not one.

Our involvement started some 18 months ago working towards the shooting of a short promotional video involving other locals just outside of Dunolly for which Doug organised the bikes. Then the main event venue was suddenly moved from Clunes to the Maryborough Harness Racing Track at Carisbrook. We were now confronted with the expectation of a procession that needed to be made into a workable reality. Complex timing and distance measurements of the Clunes to Carisbrook route had to be worked out for the main organisers because actors had to be picked up at Clunes and delivered to Carisbrook within a tight time frame.

Everything had to be checked and rechecked before Doug called on other members of the Bendigo Historic Motor Cycle Club to fill the critical jobs of corner marshals and a back-marker for the official contingent.

Doug did the vast majority of the work organising everything involving the motorcycles, which at times seemed like using a yard broom to sweep ping-pong balls up hill and against the wind.

Amid the hectic but amazing scene in Clunes the procession moved off and travelled slowly to ensure there were no stragglers or dramas. The numerous people who lined the route were able to get good photo opportunities of cast and crew members travelling in the cars. A couple of the more familiar names would be Hugh Keays-Byrne and Steve Bisley.

People from the USA, Japan and Europe and right around Australia came here for this event, many of them not even born when the movie was made.

A dramatic highlight was a carefully prepared but dramatic stunt at the venue when a mid 1970s V8 powered Ford was driven through not one but two caravans.

Despite a sinister appearance this event was no more than a gathering of movie fans celebrating a piece of Australian cinema history and meeting those who created it.
